Pulire Biosystems Pvt Ltd.

The logo for Pulira features the word "Pulira" in a stylized, blue, cursive script. A registered trademark symbol (®) is positioned to the upper left of the letter 'P'. Above the letter 'i', there is a small graphic element consisting of a blue wave and an orange semi-circle, resembling a rising sun or a stylized 'i'. A long, flowing blue line extends from the bottom of the 'P' and underlines the rest of the word.

INTRODUCTION OF

PULIRE BIOSYSTEMS PVT. LTD.

Pulire Biosystems Pvt. Ltd. is a trusted manufacturer of **premium-quality cleaning and housekeeping products**, delivering high-performance hygiene solutions primarily for the HORECA industry. We are committed to providing effective, reliable, and innovative products at competitive prices, backed by strong technical support and customer service.

With over two decades of expertise in environmental hygiene and sanitation solutions, we have built a solid reputation for quality, trust, and performance. During the COVID-19 pandemic, we collaborated with a UK-based partner to develop advanced Air Sterilisation Systems that were successfully deployed across hospitals and government institutions.

Recognized through multiple industry awards and features in leading publications, **Pulire Biosystems** continues to set benchmarks in performance, sustainability, and service excellence.

Under the leadership of **Mr. Anshuman Agarwal**, we continue to create value and build lasting trust.

WHY TRUST US

SCIENCE-BACKED HYGIENE SOLUTIONS

Trusted by leading institutions for over two decades, our products are designed to deliver superior hygiene standards with proven performance and reliability.

TRUSTED BY REPUTED INSTITUTIONS

Widely recognized by restaurants, hospitality businesses, healthcare facilities, and commercial establishments for maintaining consistent quality and effective sanitation.

OVER TWO DECADES OF EXPERTISE

20+ years of experience in environmental hygiene with a comprehensive portfolio covering kitchen care, washroom care, household cleaning, and advanced bacterial formulations for wastewater treatment.

HIGH EFFICIENCY, GREATER SAVINGS

Our concentrated and high-efficiency formulations require lower usage, helping customers reduce operational and chemical costs without compromising results.

AWARD-WINNING QUALITY & SERVICE

Our dedication to quality, innovation, and service excellence has earned us numerous industry awards and recognition from reputed organizations and publications.

DIRECT MANUFACTURER ADVANTAGE

As a direct manufacturer, we maintain strict control over formulations, quality assurance, and supply chains, ensuring transparency, consistency, and full compliance with BIS standards.
