PREMIUM
CLEANING SOLUTIONS

Why Professionals Choose Pulire Restaurant Cleaning Solutions

Professional kitchens operate under intense pressure—high volumes, heavy grease, strict hygiene standards, and constant inspections.

Pulire Restaurant Cleaning Solutions are specifically developed to meet these real-world kitchen challenges, delivering consistent performance, food safety compliance, and cost efficiency.

Designed for Professional Kitchens

Pulire products are engineered for commercial kitchen environments, where ordinary household cleaners fail. Our formulations effectively tackle:

- ✓ Heavy grease and oil build-up
- ✓ Carbonized food residues
- ✓ Protein and starch-based soils
- ✓ High-traffic and high-temperature conditions

This ensures kitchens remain clean, safe, and inspection-ready.

Manufacturer-Direct Quality & Cost Advantage

As a direct manufacturer, Pulire eliminates trader mark-ups, allowing restaurants to access **premium-quality, professional-grade** products at a highly competitive cost.

Premium Quality

Better Pricing

Consistent Supply

Cost Efficiency

This enables consistent use of the right chemicals without compromising budgets.

Food Safety Compliant

Formulated to meet strict hygiene standards.

Effective & Powerful

Advanced formulas for superior cleaning performance.

Safe for Surfaces & Hands

Tough on grease, gentle on surfaces & skin.

Smart Choice for Professional Kitchens

Reliable, economical & result-driven.

CLEAN KITCHENS. HAPPY GUESTS. STRONGER REPUTATION.

Why Professionals Choose Pulire Restaurant Cleaning Solutions

Pulire Restaurant Cleaning Solutions are specifically developed to meet these real-world kitchen challenges, delivering consistent performance, food safety compliance, and cost efficiency.

Strong After-Sales & Service Commitment

Our relationship does not end at supply. We provide:

- Usage training and dilution guidance
- Safety and compliance support
- On-site recommendations
- Continuous technical assistance

Low Dosage, High Efficiency

Pulire products are highly concentrated, requiring lower usage per application. This leads to:

- Reduced chemical consumption
- Lower cost per wash
- Fewer refills and inventory handling

Surface-Safe & Equipment Friendly

Our formulations are designed to be effective yet surface-safe, protecting:

- Stainless steel
- Aluminium (with aluminium-safe variants)
- Tiles, slabs, and kitchen equipment

This extends equipment life and reduces maintenance costs.

Customised Solutions & Technical Support

Pulire works closely with kitchens to:

- Recommend correct products for each application
- Optimize dilution and usage
- Provide staff training and safety guidance

This ensures maximum performance with minimum wastage.

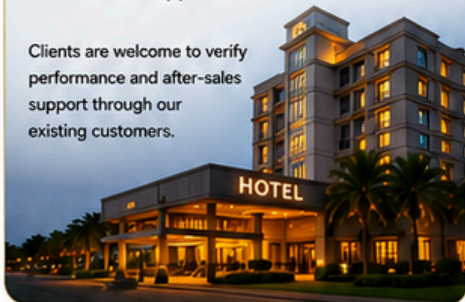

Trusted by Reputed Institutions

In a short span, Pulire has earned the trust of numerous reputed restaurants, hotels, hospitals, and institutions, driven by:

- Consistent product quality
- Reliable performance
- Prompt service and technical support

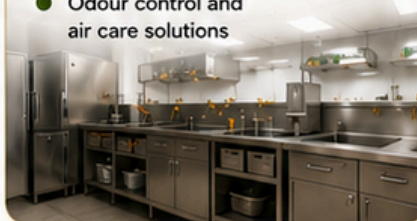

Clients are welcome to verify performance and after-sales support through our existing customers.

Complete Kitchen Cleaning System

Pulire offers a full, integrated range for restaurant kitchens, including:

- Heavy-duty degreasers for ovens, grills, hoods, and fryers
- Food-contact surface cleaners and disinfectants
- Dishwashing liquids (alkaline to neutral)
- Floor cleaners and degreasers
- Odour control and air care solutions

Superior Grease-Cutting & Cleaning Performance

Our alkaline and neutral formulations are designed to:

- Break down stubborn grease and oil quickly
- Lift food residues without excessive scrubbing
- Rinse easily without leaving films or residues

This reduces labour time and improves operational efficiency.

Pulire Pro Range Dish Wash Gels are available in alkaline to neutral formulations, effectively removing heavy grease, oil, and food residues while offering safe, gentle options for regular use. Designed for professional kitchens, they deliver powerful cleaning, easy rinsing, and cost efficiency.

Why Choose Pulire Dish Washing Formulation

Wide Range Formulations: Available from alkaline to neutral, suited for both heavy-duty and regular dishwashing needs.

Powerful Degreasing: Effectively removes tough oil, grease, and food residues, even in high-usage kitchens.

Safe & Gentle Options: Neutral variants are skin-friendly and suitable for frequent use.

Professional Performance: Trusted by restaurants, hotels, and institutions for consistent results.

Cost Efficient: High concentration ensures less product usage and lower overall cost.

Manufacturer Advantage: Customised solutions possible to match specific kitchen requirements.

PROFESSIONAL DISH WASH GELS

POWERFUL CLEANING. GENTLE ON HANDS.

7475 GREASE BUSTER

PROFESSIONAL
CLEANING SOLUTIONS
FOR A HYGIENIC KITCHEN

MILD ALKALINE ANIONIC

MULTI PURPOSE CLEANER

LIGHT DEGREASING TO GENERAL CLEANING

LIGHT DEGREASING

Removes light to moderate grease effectively

DILUTABLE FORMULA

Flexible dilution as per requirement (1:1 to 1:12)

LOW RESIDUE CLEANING

Leaves surfaces clean, fresh & streak free

MULTI-SURFACE COMPATIBLE

Safe for most kinds of washable surfaces

SEMI THICK LIQUID FORM

Better cling for improved cleaning performance

HOW TO USE P7 – FOR DIFFERENT CLEANING SITUATIONS

1 DAILY FLOOR CLEANING

- Dilute P7 as per dilution guide (1:1 to 1:12) in a bucket.
- Mop the floor evenly.
- No need to rinse. Allow to air dry.

Best for: Tiles, Marble, Granite, Vitrified & Cement floors

2 KITCHEN COUNTERTOPS & WORK SURFACES

USE UNDILUTED OR 1:1 DILUTION

- Apply P7 undiluted or 1:1 on the surface or use a damp cloth.
- Wipe thoroughly to remove dirt, grease & spills.
- Rinse with clean water if required (for food contact surfaces).

Best for: Stainless steel, Granite, Tiles, Laminate surfaces

3 DISHWASHING / UTENSIL SOAKING

USE UNDILUTED

- Apply P7 undiluted on utensils or in sink.
- Soak for 5–10 minutes.
- Scrub gently & rinse thoroughly with clean water.

Best for: Utensils, Cutlery, Trays, Cookware

4 OILY / GREASY SURFACE CLEANING

APPLY UNDILUTED

- Apply P7 undiluted on the surface or directly on a cloth.
- Wipe and scrub if required.
- Rinse or wipe with a clean damp cloth.

Best for: Stovetops, Hoods, Equipment, Work Tables

5 GENERAL SURFACE CLEANING

- Spray diluted P7 (1:1 to 1:12) on surface.
- Wipe with a clean cloth.
- No rinsing required.

Best for: Walls, Doors, Tables, Chairs, Plastic & Painted surfaces

DILUTION GUIDE

Dilute 1 part P7 with 1–12 parts water as required.

Ratio:
1:1 to 1:12
(as required)

SUITABLE FOR

- ✓ Daily maintenance cleaning
- ✓ Light degreasing of kitchen surfaces
- ✓ Removal of dirt, dust, stains
- ✓ Mopping, wiping, scrubbing
- ✓ Safe for regular use on most washable surfaces

NOT SUITABLE FOR

- ✗ Unsealed wood
- ✗ Aluminium surfaces (direct contact)
- ✗ Auto surfaces
- ✗ Carpets and fabrics

SAFETY PRECAUTIONS

- ⚠ Keep out of reach of children.
- ⚠ Read the label before use.
- ⚠ Avoid contact with eyes and skin.
- ⚠ Do not ingest.
- ⚠ Use in a well-ventilated area.
- ⚠ Wear appropriate personal protective equipment (gloves recommended for prolonged use).
- ⚠ Store in a cool, dry place away from direct sunlight.

FIRST AID

EYES:
Rinse immediately with plenty of water for at least 15 minutes.
Seek medical attention if irritation persists.

SKIN:
Wash with soap and water. Remove contaminated clothing. Seek medical attention.

INGESTION:
Do not induce vomiting. Rinse mouth with water. Drink plenty of water. Seek medical attention immediately.

INHALATION:
Move to fresh air. If breathing difficulty occurs, seek medical attention immediately.

IN CASE OF EMERGENCY

Seek medical attention immediately and show the product label if possible.
