Tough on Grease & Oil

Effectively removes stubborn grease and oil stains from dishes, utensils, and cookware.

Superior Foam & Rinsing

Rich foaming formula ensures thorough cleaning with easy rinsing, leaving no residue.

Safe for All Utensils

Suitable for stainless steel, glassware, ceramic, and plastic.

Gentle on Hands

P3 is enriched with moisturizers and emollients like aloe vera, glycerin, PEG-400 to prevent dryness, ensuring soft and nourished skin after every wash.

Kills Germs & Bacteria

Infused with a powerful disinfectant to ensure hygienically clean utensils.

Pulfresh P3 Dish Wash cuts through tough grease while eliminating germs for hygienically clean utensils. Its rich foam ensures effortless cleaning, easy rinsing, and a refreshing fragrance. Gentle on hands and safe for all utensils, it's the perfect choice for a clean and healthy kitchen.

"Today, it is used in numerous reputed restaurants and hotels."

Why you should use Pulfresh P3 Dishwash Gel

Pulfresh Dish Wash Gel follows the IS 6047 standard, it reflects a commitment to providing a high-quality, safe, and effective cleaning product that meets the benchmarks set by the Bureau of Indian Standards (BIS) for Synthetic Detergent for Utensil Cleaning

Active Matter Content:

As per IS 6047 standard dishwash liquid should contain minimum of 12% of active matter while Pulfresh Dishwash Liquid contains a **minimum of 20% of active matter**

Tough Stains:

Pulfresh Dishwash liquid is able to clean tough Oil Stains from the Utensils due to high alkalinity. It has pH between 10 to 12

Active (reserve) Alkalinity:

As per IS 6047 the maximum limit for active alkalinity is 20 ml . Pulfresh Dishwash Liquid also adheres to this norms ensuring safety to hands and utensils

Skin Hydration:

Pulfresh P3 contains skin hydration elements like Aloe Vera Extract, Vitamin E, Glycerin which ensures safety to hands despite high alkalinity.

Lather:

As per IS 6047 standard dishwash liquid should contain minimum of 70 ml of Lather and Pulfresh Dishwash Liquid **due to high percentage of active matter easily generates 70 ml of lather**

Highly Disinfectant:

Pulfresh Dishwash liquid in addition to following IS Standard also have natural disinfectants like BKC, neem and lemon oil for removal of bacteria and germs

Follows
IS 6047
standard

FAQs

IS PULFRESH DISH WASH P3 SAFE FOR SENSITIVE SKIN?

Yes, P3 is formulated with gentle, skin-friendly ingredients and also contains skin humectants and emollients to keep skin nourished and hydrated, reducing the risk of irritation or dryness.

CAN PULFRESH DISH WASH P3 BE USED ON NON-STICK COOKWARE?

Absolutely! P3 is safe for all types of cookware, including non-stick pans. It effectively removes oil without damaging the surface or coating of non-stick cookware.

HOW MUCH P3 SHOULD I USE FOR WASHING DISHES?

You only need a small amount of P3 for effective cleaning. A few drops are enough for regular dishwashing, making the product long-lasting and economical.

WHAT TYPES OF DISHES AND UTENSILS CAN P3 BE USED ON?

P3 is suitable for all types of dishes, including glassware, ceramic, stainless steel, plastic, and even delicate items like fine china.

CAN I USE PULFRESH DISH WASH P3 IN A DISHWASHER?

P3 is designed for handwashing dishes. It is not recommended for use in automatic dishwashers as it may create excess foam.

DOES P3 HELP IN REMOVING STRONG ODORS FROM DISHES?

Yes, P3 is effective at removing strong food odors like garlic, onion, and fish, leaving your dishes clean and fresh.
