

# 7475 CONCENTRATE FLOOR CLEANER A1

**7475 Concentrate Floor Cleaner A-1 is a professional-grade concentrated solution designed for effective floor cleaning in hotels, resorts, and commercial spaces. Its high-performance formula delivers excellent results with both manual mopping and machine scrubbing, making it suitable for small as well as large areas.**

## Features & Benefits

- Neutral pH to mild alkaline (7-9): Safe for delicate and polished floor surfaces
- Powerful Disinfectant Action: Helps eliminate germs and bacteria
- Good dirt suspension prevents re-deposition during cleaning
- Multi-Surface Compatibility: Suitable for tiles, marble, granite, vinyl, and laminate
- Non-Corrosive Formula: Does not damage or dull surfaces
- Pleasant Fragrance: Leaves a fresh and clean scent
- Easy Dilution: Ideal for regular mopping and cleaning
- Low Residue Formula: Prevents stickiness or streaks

## Technical Data

Appearance	Red Coloured Viscous Liquid
Detergency	High
Foaming	Low To Moderate
Disinfectant	Normal / Mild

## Packaging

5 litre pack

## Recommended For:

Hotels, restaurants, and hospitality areas  
Homes – living rooms, bedrooms, kitchens, and bathrooms  
Offices and commercial spaces  
Schools, colleges, and institutions  
Shopping malls and retail stores  
High-traffic areas requiring regular cleaning and hygiene

# 7475 CONCENTRATE FLOOR CLEANER A1

## Key Benefits

**Highly concentrated and economical:** When diluted as recommended at 2% concentration (20ml per litre for normal soiling), Pulfresh P 20 is extremely economical to use. One 5-litre bottle makes up to 300 litres of cleaning solution, significantly reducing per-use costs compared to ready-to-use cleaners.

**Neutral pH formulation:** The neutral cleaner formula (pH 8.5-9.5) is safe for all floor types including delicate surfaces like marble, granite, and natural stone. Will not damage, etch, or dull floor finishes, making it suitable for use throughout your entire property.

**Effective soil removal:** Removes dirt, grime, and everyday soiling from floor surfaces, leaving floors clean and maintaining their appearance without leaving residue or dulling finishes. Also helps in removing mild oil and grease stains

**Versatile application methods:** Can be used for manual wet mopping in smaller areas or with mechanical scrubbing equipment like scrubber-driers for larger spaces. This flexibility allows you to use one product across different cleaning scenarios and property sizes. Suitable for hotels, restaurants, homes, offices, hospitals, and commercial spaces

**Pleasant working experience:** Features a pleasant room care fragrance that leaves cleaned areas smelling fresh without being overpowering, creating a positive environment for both staff and guests.

**Adjustable dilution for soil levels:** Use 20 ml per litre for normal daily maintenance cleaning, or increase to 60 ml per litre for heavy soiling and deep cleaning applications. This adjustability ensures effective cleaning while maintaining economy of use.

## Surface Compatibility

Tiles, marbles and Granite Floor

Vinyl and laminate flooring

Polished and delicate floor surfaces

Sealed and polished wooden floors. (Use in diluted form only)

# 7475 CONCENTRATE FLOOR CLEANER A1

7475
