Streak-Free Shine

Leaves surfaces spotless without any sticky residue or streaks.

Hygienic Cleanliness

Removes bacteria and germs, promoting a healthy kitchen environment.

Natural Ingredients

Infused with citrus extracts, herbal enzymes, and eco-friendly cleaning agents to ensure safety and effectiveness.

What surfaces can I use Pulfresh Kitchen Cleaner Liquid on?

Pulfresh Kitchen Cleaner Liquid is designed for use on a variety of kitchen surfaces, including:

Countertops

Stovetops

Cabinets

Tiles

Sinks

Exhaust fans and chimneys

Avoid using it on untreated wood, painted surfaces, or delicate materials like marble without testing on a small, inconspicuous area first.

FAQs

DOES IT REMOVE STUBBORN GREASE AND OIL STAINS?

Absolutely! Pulfresh Kitchen Cleaner Liquid is formulated with powerful citrus extracts and herbal enzymes that break down and lift even the toughest grease and oil stains effortlessly.

CAN IT BE USED TO CLEAN KITCHEN APPLIANCES LIKE MICROWAVES OR REFRIGERATORS?

Yes, it is safe to use on the exterior surfaces of kitchen appliances like microwaves, refrigerators, and ovens. For internal cleaning, ensure to rinse thoroughly and allow the appliance to dry completely before use.

HOW SHOULD I STORE THE PRODUCT?

Store Pulfresh Kitchen Cleaner Liquid in a cool, dry place, away from direct sunlight and out of reach of children.

CAN I USE IT TO CLEAN BURNT RESIDUES ON PANS OR STOVETOPS?

Yes, it is effective for cleaning burnt residues on stovetops and pans. Apply directly to the residue, let it sit for a few minutes, and then scrub with a sponge or brush.

IS PULFRESH KITCHEN CLEANER LIQUID SAFE FOR FOOD-CONTACT SURFACES?

Yes, Pulfresh Kitchen Cleaner Liquid is non-toxic and safe for food-contact surfaces. However, we recommend rinsing with water after cleaning areas where food is prepared or placed.
