WHY PULIRE P8 DELIVERS ENHANCED HYGIENE

Pulire P8 combines the cleaning performance of a neutral multi-purpose cleaner with the hygiene-supporting action of **Benzalkonium Chloride (BKC)** and **Isopropyl Alcohol (IPA)**.

BKC and IPA work through different mechanisms, providing **complementary action** for maintaining cleaner and more hygienic surfaces.

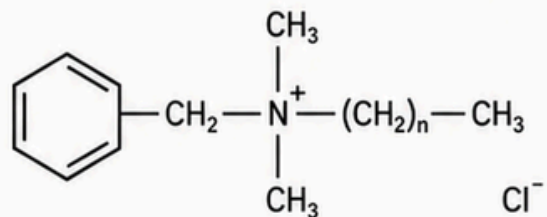

HOW BKC WORKS

Benzalkonium Chloride (BKC) is a quaternary ammonium compound widely used in hygiene and sanitation applications.

BKC acts by disrupting the protective outer membrane of microorganisms, causing loss of cellular integrity and helping reduce microbial contamination on treated surfaces.

BENZALKONIUM CHLORIDE (BKC)

Chemical Structure

AMMONIUM
COMPOUND

POWERFUL
DISINFECTANT
AGENT

HELPS MAINTAIN
HYGIENIC SURFACES

PROVIDES RESIDUAL
SURFACE ACTIVITY

EFFECTIVE ON A WIDE
RANGE OF HARD SURFACES

COMMONLY USED IN
HEALTHCARE, INSTITUTIONAL,
AND COMMERCIAL CLEANING
PRODUCTS

HOW IPA WORKS

Isopropyl Alcohol (IPA) is a fast-acting cleaning and sanitizing agent.

IPA works by disrupting proteins and dissolving contaminants present on surfaces. Its rapid evaporation helps surfaces dry quickly after application.

FAST ACTING

QUICK DRYING

HELPS REMOVE OILS AND LIGHT RESIDUES

SUPPORTS EFFECTIVE SURFACE HYGIENE

THE POWER OF BKC + IPA

The combination of **BKC** and **IPA** provides a dual-action approach:

EFFECTIVE CLEANING AND HYGIENE MAINTENANCE

REMOVAL OF DIRT, LIGHT GREASE, AND EVERYDAY CONTAMINANTS

SUPPORT FOR CLEANER AND MORE HYGIENIC SURFACES

SUITABLE FOR ROUTINE CLEANING OF MULTIPLE HARD SURFACES

Pulire P8 is designed for daily use in homes, offices, hospitality facilities, healthcare environments, educational institutions, and commercial spaces where cleanliness and hygiene are important.

SAFETY PRECAUTIONS

- Keep out of reach of children.
- Avoid contact with eyes and prolonged skin exposure.
- Do not ingest.
- Use only as directed.
- Wash hands after handling.
- Do not mix with other cleaning chemicals.
- Use in a well-ventilated area.
- Store in the original container with cap tightly closed.

FIRST AID MEASURES

IF IN EYES

Rinse cautiously with clean water for several minutes.
Remove contact lenses if present and easy to do.
Seek medical attention if irritation persists.

IF ON SKIN

Wash thoroughly with soap and water.
Seek medical advice if irritation develops.

IF INHALED

Move to fresh air.
Seek medical attention if discomfort continues.

IF SWALLOWED

Rinse mouth with water.
Do not induce vomiting.
Seek immediate medical attention.

STORAGE INSTRUCTIONS

Store in a cool, dry place.

Keep away from direct sunlight and excessive heat.

Keep container tightly closed when not in use.

Protect from freezing conditions.

Store away from food, beverages, and animal feed.

Keep in original labeled container.

SAFE HANDLING. CLEAN SURFACES. BETTER HYGIENE.

For a cleaner, safer, and healthier environment every day.
