P8 Pulfresh All Purpose Cleaner

P8 Pulfresh All Purpose Cleaner is water based alkaline cleaner which comes with a variety of features that make them versatile and effective for a wide range of cleaning tasks. They helps in keeping your surfaces clean and disinfected. These multi-surface cleaner is suitable for daily use on different types of surfaces. The formula is safe for use on all surfaces and gives you a single solution for routine maintenance of floors, tables, workstations, glass and many other surfaces. Our all purpose cleaner is tough on grease, grime and dirt and is safe to use on kitchen workplace surfaces. It leaves no residue behind and provides a streak free clean finish.

Uses & Application

*"P8 excels at removing **heavily soiled oil stains** thanks to its high alkaline nature, making it perfect for environments with significant oil buildup, such as commercial kitchens or industrial settings."*

Cleaning Properties

Antibacterial Properties

Antistatic Properties

Our all purpose cleaner removes dirt, dust, and grime while cutting through grease, making it ideal for kitchens and areas with oily residues. It works on various surfaces to tackle light to moderate stains, as well as mold, mildew, and fungus on non-porous surfaces, providing a comprehensive solution for cleanliness and hygiene.

Our all purpose cleaner has strong antimicrobial properties, effectively sanitizing surfaces by killing germs, bacteria, and fungi.

Our all purpose cleaner features antistatic properties that repel dust, helping surfaces stay cleaner for longer periods. This added benefit makes it ideal for maintaining a lasting clean in high-traffic areas.

P8 clean beyond measure

Our all purpose cleaner effectively removes oil stains due to the presence of sodium hydroxide, which breaks down and dissolves grease and oils efficiently from surfaces like chimneys and countertops, while also having applications for cleaning floors, tiles, glass, mirrors, and more. Its strong alkaline nature makes it ideal for breaking down grease and tough stains, which is essential for both home and industrial cleaning tasks.

P8 oil stain remover

P8 is highly effective at removing oil stains due to its strong alkaline formula. Its high pH neutralizes and emulsifies oil, allowing it to be easily rinsed away. Additionally, P8 breaks down oil into smaller particles through emulsification, which are then suspended in the cleaner and wiped away. Enhanced with potent cleaning agents and natural antibacterial properties, P8 provides a thorough solution for oil stain removal.

BEFORE

AFTER

Oil stains dissolve easily in Pulfresh P8 due to its high alkaline nature. The elevated alkalinity effectively breaks down and emulsifies grease and oil, allowing for thorough and efficient removal. This powerful formulation is designed to penetrate and dissolve even the most stubborn oil stains.

Pulfresh all purpose cleaner is highly versatile and compatible with a wide range of surfaces and uses. In the kitchen, it effectively cleans countertops, stovetops, and appliances, while also removing grease and food spills. In the bathroom, it works on sinks, toilets, showers, mirrors, and tiles, tackling soap scum, stains, and grime. It is ideal for cleaning floors, including tiles, vinyl, and laminate, providing thorough cleaning and mopping. For furniture, it handles dust, spills, and grime on various types. Outdoors, it is suitable for patio furniture, vehicles, decks, and sanitizing trash cans, and cleaning electronic exteriors. Its formulation ensures it is safe and effective on multiple surfaces, including metal, plastic, glass, and wood, making it a comprehensive solution for diverse cleaning needs. driveways, effectively managing dirt and grime.
