ULTRA GRIP

PULFRESH ULTRA GRIP TOILET CLEANER

Pulfresh Ultra Grip Concentrated is a highly concentrated formula and thick clinging gel effectively break down tough stains, limescale, and rust while killing 99.9% of germs.

The thick clinging gel ensures maximum contact time, providing deep and long-lasting cleanliness.

Thick Clinging Gel

Pulfresh Ultra Grip Toilet Cleaner features an ultra-thick gel formula that clings to surfaces for maximum contact time, ensuring deep penetration and effective stain removal. Its high-viscosity texture provides superior cleaning power with minimal effort

Rapid Action on Tough Stains

Pulfresh Ultra Grip Toilet Cleaner delivers very rapid action on tough stains, instantly breaking down limescale, rust, and hard water deposits. Its powerful formula penetrates deep, ensuring a thorough clean with minimal effort, leaving your toilet sparkling and fresh

Maximum Surface Adhesion

Unlike runny liquids that quickly drain away, its non-drip, high-viscosity texture allows the active ingredients to break down stubborn stains, limescale, and bacteria more effectively. This ensures deep penetration and thorough cleaning, leaving toilets sparkling clean and hygienic with minimal effort.

Multi-Disinfectant Formula

Pulfresh Ultra Grip Toilet Cleaner with **BKC Antibacterial** ensures 99.9% germ removal, powerful stain elimination, and long-lasting freshness. Its advanced formula effectively cleans, disinfects, and protects, making it ideal for maintaining a hygienic and germ-free toilet

Specifications

Acidity w/w % : 9 to 10%

Viscosity: 2500 – 5000 mPa·s

pH: 1-2

Appearance: Deep blue thick liquid

ShieldX

PULFRESH SHIELDX TOILET CLEANER

Pulfresh ShieldX is a powerful and advanced toilet cleaner formulated with multiple disinfectants for superior germ protection and corrosion inhibitors to safeguard toilet surfaces. It effectively removes stubborn stains, limescale, and bacteria, ensuring a hygienic, long-lasting clean

Multi-Disinfectant Formula

Pulfresh ShieldX Toilet Cleaner with **BKC Antibacterial** ensures 99.9% germ removal, powerful stain elimination, and long-lasting freshness. Its advanced formula effectively cleans, disinfects, and protects, making it ideal for maintaining a hygienic and germ-free toilet

Corrosion Inhibitors

Pulfresh ShieldX Toilet Cleaner is formulated with corrosion inhibitors to protect toilet surfaces while delivering powerful stain removal. Its advanced formula ensures a deep clean without causing damage, making it safe for regular use while maintaining long-lasting hygiene and freshness

Thick Gel Formula

Pulfresh ShieldX Toilet Cleaner features a thick gel formulation that clings to surfaces for maximum cleaning efficacy. This viscous consistency ensures prolonged contact with stains, allowing for targeted and efficient cleaning without drips or wastage.

Deep Cleaning

Pulfresh ShieldX is a high-performance toilet cleaner with 10-12% acid content, ensuring powerful deep cleaning and stain removal. Its strong acidic formula effectively dissolves tough limescale, mineral deposits, and stubborn stains, leaving toilets sparkling clean and hygienic.

Specifications

Acidity w/w % : 11 to 12%

Viscosity: 1000–2500 mPa·s

pH: < 1

Appearance: Deep blue thick liquid

Deep Cleaning Power

Pulfresh P1 Toilet Cleaner is specially formulated to penetrate and dissolve even the toughest stains, limescale, and grime. Its high-strength cleaning agents break down mineral deposits, rust stains, and organic buildup with ease.

Multi-Disinfectant Formula

Pulfresh P1 Toilet Cleaner with **BKC Antibacterial** ensures 99.9% germ removal, powerful stain elimination, and long-lasting freshness. Its advanced formula effectively cleans, disinfects, and protects, making it ideal for maintaining a hygienic and germ-free toilet.

Non-Drip Gel Formula

Unlike thin, watery cleaners that drain away, this thick gel adheres to vertical surfaces, ensuring deep penetration and enhanced cleaning efficiency. The result is a thorough, streak-free clean with minimal product wastage, making it both effective and economical.

Safe for Regular Use

Pulfresh P1 Toilet Cleaner is specially formulated for safe regular use, ensuring effective cleaning without damaging toilet surfaces. Its balanced formula maintains hygiene while being gentle on ceramic and porcelain, making it ideal for daily maintenance.

PULFRESH P1 TOILET CLEANER

Pulfresh P1 is a high-performance toilet cleaner designed to effectively remove tough stains, limescale, and bacteria while leaving toilets sparkling clean and fresh. Its powerful disinfecting action eliminates 99.9% of germs, ensuring a hygienic and odor-free toilet.

Specifications

Acidity w/w % : 9 to 10%

Viscosity: 800–1500 mPa·s

pH: 1-2

Appearance: Deep blue thick liquid

Ideal for Hard Water

Pulfresh Acid Blast Toilet Cleaner is specially designed to tackle hard water stains, effectively dissolving mineral deposits, limescale, and tough grime. Its powerful formula ensures a deep clean, leaving your toilet spotless and refreshed

Rapid Action on Tough Stains

Pulfresh Acid Blast Toilet Cleaner delivers very rapid action on tough stains, instantly breaking down limescale, rust, and hard water deposits. Its powerful formula penetrates deep, ensuring a thorough clean with minimal effort, leaving your toilet sparkling and fresh

Powerful Acid-Based Formula

Pulfresh Acid Blast Toilet Cleaner is powered by a strong acid-based formula that effectively dissolves tough stains, limescale, and mineral deposits. Its advanced cleaning action ensures a deep and thorough clean, leaving toilet surfaces spotless and refreshed.

Periodic Use

Pulfresh Acid Blast is a high-strength toilet cleaner designed for periodic deep cleaning. Due to its high acidity, it is recommended for occasional use to restore maximum cleanliness and hygiene without damaging surfaces.

ACID BLAST

PULFRESH ACID BLAST TOILET CLEANER

Pulfresh Acid Blast is a powerful cleaner designed for periodic deep cleaning of toilet bowls.

Formulated with 20% acidic content, it effectively eliminates tough build-ups such as rust stains, lime scale, and uric acid deposits.

Specifications

Acidity w/w % : 19 to 20%

Viscosity: 650–1000 mPa·s

pH: < 1

Appearance: Deep blue thick liquid

P2

PULFRESH P2 MILD HAND WASH

Pulfresh P2 Hand Wash is a mild yet powerful formula designed to effectively remove dirt, germs, and impurities while keeping hands soft and moisturized. Enriched with skin-friendly ingredients, it provides a rich lather that cleans thoroughly without drying out the skin

Skin Hydration

Pulfresh P2 Hand Wash is enriched with Aloe Vera extract, Glycerol, and other moisturizing agents that help retain skin hydration while cleansing. Aloe Vera soothes and nourishes the skin, while Glycerol acts as a natural humectant, locking in moisture and preventing dryness.

Nourishment and Skin Protection

Pulfresh P2 Hand Wash is enriched with Vitamin B & E, which provide deep nourishment and skin protection. Vitamin B helps maintain skin hydration and elasticity, while Vitamin E acts as a powerful antioxidant, protecting the skin from dryness and irritation. This ensures soft, healthy, and well-moisturized hands, even with frequent washing.

Advanced Germ Protection

Pulfresh P2 Hand Wash is fortified with Benzalkonium Chloride (BKC) and natural antibacterial agents, providing superior protection against 99.9% of germs, bacteria, and viruses.

Effective Deep Cleansing

Pulfresh P2 Hand Wash is formulated with natural surfactants that provide effective deep cleansing while being gentle on the skin. These plant-based surfactants efficiently remove dirt, grease, and germs without causing dryness or irritation.

Specifications

Color: As per variant

Appearance: Viscous liquid

pH Level: 5.5 – 7.0 (skin-friendly)

CLEANZCOOL

PULFRESH CLEANZCOOL MILD HAND WASH

Pulfresh CleanZCool Hand Wash is designed to provide superior cleansing with a refreshing cooling effect. Infused with antibacterial agents and skin-conditioning ingredients, it ensures effective germ removal while keeping hands soft and revitalized.

Cool & Refreshing Sensation

Pulfresh CleanZCool Hand Wash delivers an instant cooling and refreshing sensation with the power of Eucalyptus and Bergamot oils. The natural cooling properties of Eucalyptus provide a soothing and invigorating feel, while Bergamot oil adds a fresh, citrusy uplift.

Advanced Germ Protection

Pulfresh Cleanzcool Hand Wash is fortified with Benzalkonium Chloride (BKC) and natural antibacterial agents, providing superior protection against 99.9% of germs, bacteria, and viruses.

Skin Hydration

Pulfresh Cleanzcool Hand Wash is enriched with Aloe Vera extract, Glycerol, and other moisturizing agents that help retain skin hydration while cleansing. Aloe Vera soothes and nourishes the skin, while Glycerol acts as a natural humectant, locking in moisture and preventing dryness.

Effective Deep Cleansing

Pulfresh Cleanzcool Hand Wash is formulated with natural surfactants that provide effective deep cleansing while being gentle on the skin. These plant-based surfactants efficiently remove dirt, grease, and germs without causing dryness or irritation.

Specifications

Color: Light Blue
Appearance: Viscous liquid
pH Level: 5.5 to 6.5
Fragrance: Ocean Breeze

Deep Cleansing

Pulfresh MedShieldX Hand Wash ensures thorough deep cleansing by effectively removing dirt, grease, and harmful microbes while being gentle on the skin.

Enriched with Moisturizing Agents

Pulfresh MedShieldX Hand Wash is infused with Aloe Vera, Glycerol, and Vitamin E, ensuring hands remain hydrated and nourished even with frequent use. This moisturizing blend ensures that while MedShieldX offers powerful germ protection, it also maintains skin comfort and hydration, making it perfect for daily and professional use.

Pleasant & Refreshing Fragrance

Pulfresh MedShieldX Hand Wash leaves hands with a mild, refreshing fragrance that enhances the sense of cleanliness and freshness after every wash. The subtle yet invigorating scent provides a long-lasting feeling of hygiene, making it ideal for frequent use without overpowering perfumes.

High Germ Protection with Chlorhexidine Gluconate

Pulfresh MedShieldX Hand Wash is formulated with Chlorhexidine Gluconate, a powerful antibacterial agent that provides high-level germ protection. It effectively eliminates 99.9% of bacteria, viruses, and fungi, making it ideal for medical, industrial, and household hygiene. This advanced formula ensures long-lasting antimicrobial action, reducing the risk of infections while keeping hands clean and safe.

MEDSHIELDX

PULFRESH MEDSHIELDX HAND WASH

Pulfresh MedShieldX is a high-performance antibacterial hand wash designed to provide maximum protection against germs while being gentle on the skin. Formulated with powerful antibacterial agents and skin-nourishing ingredients, it ensures deep cleansing without causing dryness.

Specifications

Color: Light Yellowish
Appearance: Viscous liquid
pH Level: 5.5 to 6.5
Fragrance: Lemon

P17

PULFRESH P17 HEAVY HAND WASH

Pulfresh P17 Heavy Hand Wash is specially formulated for intensive cleaning, making it ideal for industrial, mechanical, and heavy-duty use. Designed to remove grease, oil, and stubborn dirt, it provides deep cleansing while keeping hands moisturized and protected.

Superior Grease & Dirt Removal

Pulfresh P17 Heavy Hand Wash features a mild alkaline formula that ensures effective deep cleaning by breaking down tough grease, oil, and stubborn dirt. Its carefully balanced pH provides powerful cleansing without causing skin irritation, making it ideal for frequent use in industrial, kitchen, and workshop settings. This formula ensures thorough hand hygiene while maintaining skin comfort.

Advanced Germ Protection

Pulfresh P17 Hand Wash is fortified with Benzalkonium Chloride (BKC) and natural antibacterial agents, providing superior protection against 99.9% of germs, bacteria, and viruses.

Moisturizing & Skin-Friendly

Pulfresh P17 Heavy Hand Wash is enriched with Aloe Vera, Glycerol, and Vitamin E, ensuring that hands stay hydrated and protected even with frequent washing.

Specifications

Color: As per variant
Appearance: Viscous liquid
pH Level: 8.0 to 9.0
Fragrance: Citrus

Powerful Grease Removal

Pulfresh P3 is specially formulated to cut through tough oil, grease, and food residues with ease. Its deep-cleaning action quickly dissolves stubborn fats and grime, leaving dishes, cookware, and utensils sparkling clean and grease-free.

Spotless & Streak-Free Shine

Pulfresh P3 is specially formulated for low-foaming yet highly effective grease removal, it quickly breaks down tough oil, grease, and food residues, ensuring spotless, streak-free dishes with minimal rinsing.

Easy Rinse Formula

Its fast-rinsing formula saves water while leaving utensils, cookware, and glassware shining clean without residue.

Gentle on Hands

Skin-friendly formula with glycerol, polyethylene glycol & aloe vera extract prevents dryness and irritation.

Disinfectant

Its natural antibacterial formula provides effective disinfection, eliminating bacteria and germs from utensils and cookware.

Phosphate Free

By being phosphate-free, Pulfresh P3 ensures powerful grease removal and hygiene without harming the environment, making it a safer choice for both consumers and nature.

P3

PULFRESH P3 DISH WASH

Pulfresh P3 Dish Wash is a powerful grease-cutting formula that removes tough food stains and oil while being gentle on hands. It ensures spotless, odor-free dishes with a refreshing fragrance.

Specifications

pH : 10 to 11

Fragrance: Lemon-based essential oils

Appearance: Yellowish thick liquid

Powerful Grease Removal

Pulfresh Mega Drop is specially formulated to cut through tough oil, grease, and food residues with ease. Its deep-cleaning action quickly dissolves stubborn fats and grime, leaving dishes, cookware, and utensils sparkling clean and grease-free.

Spotless & Streak-Free Shine

Pulfresh Mega Drop is specially formulated for low-foaming yet highly effective grease removal, it quickly breaks down tough oil, grease, and food residues, ensuring spotless, streak-free dishes with minimal rinsing.

Easy Rinse Formula

Its fast-rinsing formula saves water while leaving utensils, cookware, and glassware shining clean without residue.

Concentrated Formula

Requires just a few drops for effective cleaning

Disinfectant

Its antibacterial formula with BKC and natural agents like Aloe Vera extract provides effective disinfection, eliminating bacteria and germs from utensils and cookware.

Phosphate Free

By being phosphate-free, Pulfresh Mega Drop ensures powerful grease removal and hygiene without harming the environment, making it a safer choice for both consumers and nature.

MEGA DROP

PULFRESH MEGADROP DISH WASH

Pulfresh Megadrop is a highly concentrated, low-foaming dishwashing liquid designed for powerful grease removal with minimal usage. Its advanced formula quickly cuts through oil, grease, and food residues, leaving dishes spotless, streak-free, and hygienically clean.

Specifications

pH : 12 to 13

Fragrance: Lemon-based essential oils

Appearance: Yellowish thick gel

Effective Cleaning & Stain Removal

Designed to tackle tough grease, grime, and stubborn stains, Pulfresh P4 effortlessly lifts dirt, leaving floors looking spotless and polished.

Advanced Germ Protection

Powered by Benzalkonium Chloride (BKC) and Aloe Vera Extract for strong antibacterial and antiviral action helps eliminate 99.9% bacteria and harmful microbes

Pleasant & Long-Lasting Fragrance

It leaves behind a refreshing and long-lasting fragrance that enhances your space with a sense of cleanliness and freshness. With three distinct fragrance options—Rose, Lemon, and Pine—you can choose the perfect scent to suit your environment.

Non-Sticky & Quick Drying

Its fast-drying formula prevents residue buildup, ensuring a streak-free finish and a non-slippery surface. No sticky feeling after cleaning—just clean, fresh floors.

PULFRESH P4 FLOOR CLEANER

Pulfresh P4 Floor Cleaner removes tough stains, grease, and dirt while ensuring a hygienic and fresh environment. Its powerful acidic formula not only cleans but also leaves a strong, long-lasting pleasant fragrance after every use.

Specifications

pH : 4 to 5

Fragrance Options: Rose, Lemon, Pine

Appearance: Red, Yellowish, Brown liquid

Deep Cleaning & Stain Removal

Designed to penetrate and dissolve stubborn stains, Pulfresh Ultra removes food spills, oil stains, soap scum, and other grime from hard surfaces. Its advanced surfactant technology ensures superior dirt suspension and easy rinsing.

Alkaline-Based Formula for Powerful Cleaning

Unlike neutral or acidic cleaners, the alkaline formulation of Pulfresh Ultra effectively breaks down tough grease, oils, and embedded dirt. It lifts grime effortlessly, making it highly effective in kitchens, industrial spaces, and high-traffic areas.

Pleasant & Long-Lasting Fragrance

It leaves behind a refreshing and long-lasting fragrance that enhances your space with a sense of cleanliness and freshness. With three distinct fragrance options—Rose, Lemon, and Pine—you can choose the perfect scent to suit your environment.

Disinfectant

Powered by Benzalkonium Chloride (BKC) and Aloe Vera Extract for strong antibacterial and antiviral action helps eliminate 99.9% bacteria and harmful microbes

Multi-Surface Safe

Ideal for tiles, marble, granite, and other hard surfaces

PULFRESH ULTRA FLOOR CLEANER

Pulfresh Ultra Floor Cleaner is a powerful alkaline-based cleaner designed to effectively break down grease, dirt, and tough stains from various flooring surfaces. Its high-performance formula ensures deep cleaning, disinfection, and deodorization, leaving floors fresh, streak-free, and hygienic.

Specifications

pH : 9 to 10

Fragrance Options: Rose, Lemon, Pine

Appearance: Red, Yellowish, Brown liquid

P7

PULFRESH P7 TILES CLEANER

Pulfresh P7 Tiles Cleaner is a high-performance formula designed to effectively remove dirt, stains, and grime from tiles and grout, restoring their original shine.

Effective Cleaning & Stain Removal

Infused with the power of lemon, Pulfresh P7 ensures deep cleaning and effective stain removal. Its natural degreasing action cuts through dirt, grime, and limescale, leaving tiles spotless, fresh, and shining

Advanced Germ Protection

Powered by Benzalkonium Chloride (BKC) and Aloe Vera Extract for strong antibacterial and antiviral action helps eliminate 99.9% bacteria and harmful microbes

Restores Shine

Formulated with Silicon Oils and PVA (Polyvinyl Alcohol), Pulfresh P7 not only deep cleans but also restores the original shine of tiles. The silicon oils create a protective layer, preventing dullness and enhancing gloss, while PVA ensures a streak-free, polished finish.

Powerful Descaling Action

Infused with lemon power, Pulfresh P7 effectively dissolves limescale, hard water stains, and mineral deposits, ensuring deep cleaning and shine restoration. The natural citrus action enhances degreasing, while the fresh lemon fragrance leaves surfaces clean, hygienic, and refreshed

Specifications

pH : 4 to 5

Appearance: Clear liquid

Effective Cleaning & Stain Removal

Pulfresh P10 delivers deep cleaning and disinfection far beyond traditional phenyl-based cleaners. Its advanced formula effectively removes stubborn stains, grease, and dirt while ensuring 99.9% germ protection.

Advanced Germ Protection

Pulfresh P10 is formulated with powerful antibacterial agents like BKC, Neem, and Pine Oil, ensuring 99.9% germ protection. It effectively eliminates bacteria, viruses, and fungi, creating a hygienic and safe environment. Unlike ordinary cleaners, P10 provides long-lasting disinfection, making it ideal for homes, hospitals, offices, and high-traffic area

Disinfects and Deodorizes

Unlike phenyl, which primarily masks odors, P10 actively disinfects and deodorizes with natural ingredients like Pine Oil, Neem, Aloe Vera, and Lavender Oil, leaving floors hygienically clean and fresh.

Natural Fly Repellent

Formulated with Citronella Oil, Pulfresh P10 not only deep cleans and disinfects but also acts as a natural fly repellent. Citronella's strong yet pleasant aroma helps deter flies and insects, keeping your home or workspace hygienic and fresh.

PULFRESH P10 MULTIPLE DISINFECTANT CLEANER

Pulfresh P10 is a powerful floor cleaner that not only removes tough stains, dirt, and grease but also provides superior disinfection. Enriched with Pine Oil, Neem, Aloe Vera, Lavender Oil, and BKC,

Specifications

pH : 5 to 6

Appearance: White thick liquid

PULFRESH P5 WHITE FLOOR CLEANER

Pulfresh P5 White Floor Cleaner is a phenyl-based formula designed for deep cleaning, disinfection, and odor removal. It effectively eliminates dirt, stains, and germs, leaving floors spotless and fresh with a long-lasting fragrance.

Powerful Disinfection

Its phenyl-based formula ensures deep sanitation, making it ideal for homes, offices, hospitals, and commercial spaces.

Deep Cleaning

Pulfresh P5 White Floor Cleaner penetrates deep into surfaces to break down tough dirt, grime, and stains, ensuring a thorough and effective clean. Its powerful formula removes sticky residues and stubborn marks, leaving floors spotless, fresh, and shining without any greasy residue.

Repels Insects

Pulfresh P5 White Floor Cleaner helps deter flies, mosquitoes, and other insects with its strong phenyl-based formula. Regular use creates a clean, hygienic environment that is less attractive to pests, making it ideal for homes, kitchens, hospitals, and commercial spaces.

Specifications

Appearance: White, opaque liquid

Fragrance: Pine

pH Level: 6.5 – 8.5

PULFRESH P6 GLASS CLEANER

Pulfresh P6 Anti-Streak Glass Cleaner delivers crystal-clear shine by effectively removing dust, smudges, and fingerprints. Its fast-drying formula ensures a streak-free finish, leaving glass surfaces spotless and sparkling.

Anti-Streak Formula

With anti-streak technology, P6 evaporates quickly without leaving any residue, making it perfect for windows, mirrors, glass tables, car windshields, and glossy surfaces. It also features anti-static properties, helping to repel dust and keep surfaces cleaner for longer.

Powerful Cleaning Action

Removes dirt, smudges, water stains, and fingerprints with ease.

Multi-Surface Use

Ideal for windows, mirrors, glass tables, windshields, and more.

Fast-Drying & Non-Residue

Its rapid evaporation technology makes it ideal for windows, mirrors, glass tables, windshields, and glossy surfaces, allowing for quick cleaning without water spots or hazy buildup.

No Ammonia

Pulfresh P6 is formulated without ammonia, making it a safe and non-irritating choice for cleaning glass surfaces. Unlike harsh ammonia-based cleaners, P6 delivers powerful cleaning without strong fumes or surface damage, ensuring a pleasant and safe cleaning experience.

Specifications

pH : 7

Appearance: Light Blue liquid

Solubility: Completely soluble in water

PULFRESH P8 ALL PURPOSE CLEANER

Pulfresh P8 All-Purpose Cleaner is a versatile and powerful cleaning solution designed to tackle dirt, grease, and stains on multiple surfaces. Its advanced formula ensures a deep clean while leaving a fresh, long-lasting fragrance.

Multi-Surface Cleaning

Its powerful yet gentle formula makes it suitable for countertops, tiles, floors, appliances, glass, and more.

Powerful Dirt & Grease Removal

Pulfresh P8 is specially formulated to cut through tough grease, oil, and stubborn stains on multiple surfaces. Its high-performance degreasing agents break down kitchen grease, industrial oil, and grime, making it ideal for countertops, stovetops, floors, appliances, and more.

No Residue Formula

Leaves surfaces clean and streak-free.

Fresh & Hygienic

Pulfresh P8 not only removes dirt, grease, and stains but also ensures a fresh and hygienic environment. Its deep-cleaning action eliminates hidden grime, food residues, and sticky buildup, reducing the chances of bacterial growth. The formula helps neutralize unpleasant odors, leaving behind a clean, refreshing fragrance that enhances indoor spaces.

Antibacterial Protection

It eliminates bacteria, viruses, and fungi from surfaces, ensuring a clean and germ-free environment.

Specifications

pH : 8 to 9

Fragrance: Lemon-based essential oils

Appearance: Clear to light yellow liquid

Solubility: Completely soluble in water

P9

PULFRESH P9 RUST REMOVER

Pulfresh P9 Rust Remover is a powerful solution designed to dissolve and remove rust, corrosion, and tough mineral deposits from various surfaces. Its advanced formula restores metal surfaces while preventing further oxidation.

Effective Rust Removal

Pulfresh P9 is specially formulated to dissolve rust and tough oxidation stains from various surfaces. Its powerful yet safe formula effectively restores metal, tiles, sinks, and other hard surfaces, preventing further corrosion.

Effective Descaler

Pulfresh P9 is specially designed to dissolve limescale and mineral deposits from surfaces, ensuring a spotless, residue-free finish. Its powerful formula breaks down stubborn hard water stains, calcium buildup, and scale on tiles, sinks, faucets, and appliances, restoring their original shine and efficiency.

Restores Shine

Leaves surfaces clean, smooth, and polished

Multi-Surface Use

Pulfresh P9 effectively dissolves limescale and mineral deposits from a variety of surfaces, including tiles, sinks, faucets, showerheads, and kitchen appliances.

No Harsh Fumes

Designed for safe and convenient use with minimal odor

Specifications

pH : 2 to 3

Appearance: Clear to light yellow liquid

Solubility: Completely soluble in water

P11

PULFRESH P11 KITCHEN CLEANER

Pulfresh P11 Kitchen Cleaner is a powerful grease-cutting solution designed to remove tough stains, oil splatters, and food residues. Its advanced formula ensures a hygienic and fresh kitchen while being safe for food-contact surfaces.

Multi-Surface Use

It effectively removes grease, oil, stains, and food residues from countertops, stovetops, tiles, sinks, and appliances.

Powerful Grease Removal

Pulfresh P11 is specially formulated to cut through tough grease, oil, and food residues on kitchen surfaces. Its high-performance degreasing agents break down stubborn buildup on countertops, stovetops, tiles, sinks, and appliances, leaving surfaces clean, streak-free, and fresh with ease.

Refreshing Fragrance

Eliminates food odors and keeps the kitchen smelling fresh. The lime fragrance adds a fresh and long-lasting citrus scent, enhancing the cleaning experience.

No Harsh Residue

Leaves surfaces clean and streak-free without sticky residue.

Advanced Disinfectant

Powered by Benzalkonium Chloride (BKC) for strong antibacterial and antiviral action
7-in-1 Germ Protection – Works on hands, dishes, floors, kitchens, bathrooms, glass, and all surfaces

Specifications

pH : 11 to 12

Fragrance: Lemon-based essential oils

Appearance: Clear to light yellow liquid

Solubility: Completely soluble in water

Powerful Cleaning

P12 Bathroom Cleaner effectively breaks down and removes tough stains, soap scum, and hard water deposits, ensuring a deep clean.

Streak-Free Shine

Cleans without leaving behind residue, watermarks, or streaks, giving surfaces a sparkling finish.

Advanced Germ Protection

P12 has Active Antibacterial Agents: Benzalkonium Chloride (BKC) which helps eliminate bacteria and germs, promoting a hygienic and sanitized bathroom environment. Kills 99.9% of Bacteria & Viruses.

Versatile Multi-Surface Formula

P12 Bathroom Cleaner is safe and effective for use on tiles, sinks, bathtubs, faucets, and other bathroom surfaces.

Refreshing Fragrance

Enhances the cleaning experience with its pleasant lemon fragrance. Provides a zesty, invigorating aroma that makes everyday cleaning more enjoyable.

P12

PULFRESH P12 BATHROOM CLEANER

Pulfresh P12 Bathroom Cleaner is a powerful solution designed to tackle tough stains, soap scum, and hard water deposits with ease. Its advanced formula ensures deep cleaning while leaving surfaces sparkling and germ-free. Suitable for tiles, sinks, bathtubs, and bathroom fixtures.

Specifications

pH : 5 to 6

Fragrance: Lemon-based essential oils

Appearance: Clear to light yellow liquid

Solubility: Completely soluble in water

PULFRESH P14 7 IN 1 MULTI CLEANER

Pulfresh P14 7-in-1 Multi Cleaner is an all-in-one cleaning solution designed for versatility. It works as a surface cleaner, degreaser, deodorizer, disinfectant, hand wash, and dish wash—offering powerful cleaning with antibacterial protection while being safe for skin and utensils

Powerful Grease & Stain Removal

Effectively cuts through dirt, grime, and tough stains. Its advanced formula breaks down stubborn grime on kitchen surfaces, floors, appliances, and more, leaving them clean, fresh, and residue-free.

Refreshing Fragrance

Keeps surfaces, dishes, and hands smelling fresh. The lime fragrance adds a fresh and long-lasting citrus scent, enhancing the cleaning experience. Enhances the cleaning experience with its pleasant lemon fragrance. Provides a zesty, invigorating aroma that makes everyday cleaning more enjoyable.

7-in-1 Multi-Purpose Formula

Cleans surfaces, removes grease, deodorizes, disinfects, shines, and doubles as a hand wash and dish wash

Advanced Disinfectant

Powered by Benzalkonium Chloride (BKC) for strong antibacterial and antiviral action

Specifications

pH : 8 to 9

Fragrance: Lemon-based essential oils

Appearance: Clear to light yellow liquid

Solubility: Completely soluble in water

P15

PULFRESH P15 HARD STAIN REMOVER

Pulfresh P15 Hard Stain Remover is a powerful cleaning solution designed to tackle the toughest stains on various surfaces. Its advanced formula breaks down grime, grease, and mineral deposits, leaving surfaces spotless and refreshed.

Fast-Acting Formula

Works quickly to break down and lift stubborn stains.
Works quickly for instant stain breakdown

Heavy-Duty Stain Removal

Pulfresh P15 is a powerful, heavy-duty stain remover designed to tackle the toughest stains on multiple surfaces. Its advanced formula breaks down stubborn grease, grime, rust, and hard water stains with ease.

Antibacterial & Disinfectant

Pulfresh P15 is a powerful stain remover with advanced germ protection, eliminating 99.9% of bacteria, viruses, and fungi for a clean and hygienic environment—perfect for homes, kitchens, and industrial spaces.

No Harsh Residue

Cleans effectively without leaving streaks or sticky residue.

Deep Cleaning

Pulfresh P15 Hard Stain Remover eliminates tough grease, oil, hard water, rust, acid battery stains and soap scum stains. It removes food, ink, and dye stains while tackling scuff marks, cement, and paint residue for a deep clean.

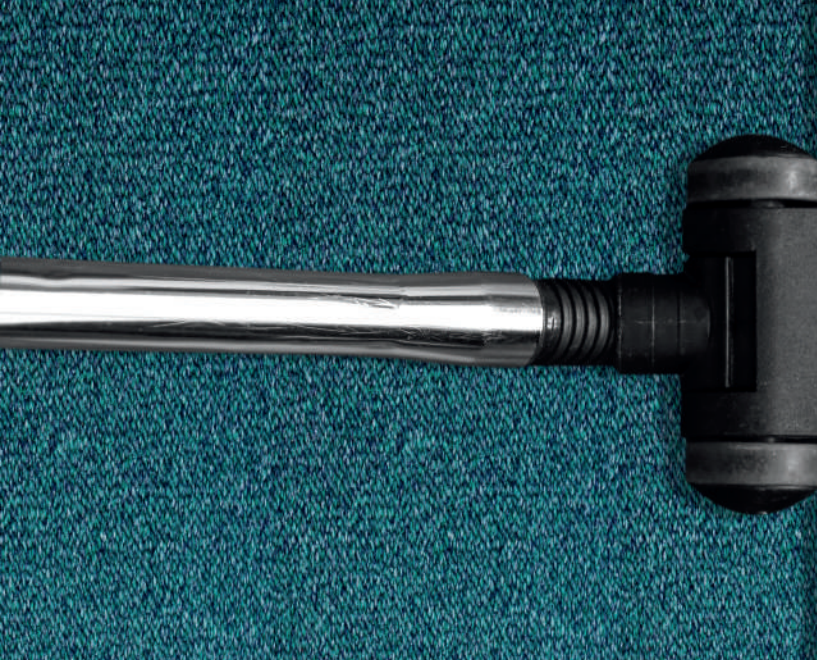

Specifications

pH : 3 to 4

Appearance: Clear to light yellow liquid

Solubility: Completely soluble in water

P16

PULFRESH P16 CARPET CLEANER

Pulfresh P16 Carpet Cleaner is a powerful yet gentle formula designed to remove deep-seated dirt, stains, and odors from carpets and upholstery. It penetrates fibers, lifting tough stains while preserving the fabric's softness and freshness.

Deep Cleaning Action

Effectively removes dirt, grime, and stains from carpets and upholstery.

Gentle on Fabrics

Cleans without damaging carpet fibers or fading colors. Its advanced cleaning technology lifts stains without damaging fabric, preserving the softness, color, and texture of carpets and upholstery. Safe for regular use, it ensures a fresh, clean look without leaving any residue.

Safe for Regular Use

Suitable for home, office, and commercial spaces.

Fast-Drying Formula

Leaves carpets fresh and dry quickly, preventing mold and mildew.

Refreshing Fragrance

Infused with a mild, fresh scent, it leaves carpets clean, refreshed, and odor-free.

Specifications

pH : 6 to 7

Fragrance: Mild, fresh scent for a clean finish

Solubility: Fully water-soluble

Appearance: Clear to light-colored liquid

P18

PULFRESH P18 HARD SURFACE DISINFECTANT

Pulfresh P18 is a powerful surface disinfectant that eliminates 99.9% of bacteria, viruses, and fungi, ensuring a hygienic and germ-free environment. Its fast-acting formula provides deep disinfection on various surfaces, making it ideal for homes, kitchens, and industrial spaces.

Eliminates 99.9% of Germs

Pulfresh P18 Surface Disinfectant ensures advanced germ protection with a potent blend of Chlorhexidine Gluconate, Benzalkonium Chloride (BKC), and natural antibacterial oils. This powerful combination effectively eliminates 99.9% of bacteria, viruses, and fungi, providing long-lasting hygiene on multiple surfaces. Ideal for homes, kitchens, and industrial spaces, it offers deep disinfection while being tough on germs and gentle on surfaces.

Fast-Acting Formula

Pulfresh P18 Surface Disinfectant works quickly and effectively, breaking down germs, bacteria, and viruses on contact. Its rapid-action formula ensures instant hygiene, making it ideal for high-touch surfaces, kitchens, and industrial areas where quick and reliable disinfection is essential.

Deep Penetration

Pulfresh P18 Surface Disinfectant is designed to penetrate deep into surfaces, effectively eliminating hidden germs, bacteria, and viruses. Its powerful formula reaches crevices and tough-to-clean areas, ensuring a thorough and long-lasting disinfecting action.

Multi-Surface Use

Ideal for kitchens, floors, tiles, and industrial spaces.

Specifications

Color: Transparent liquid
Fragrance: Citrus

P19

PULFRESH P19 DRAIN CLEANER

Pulfresh P19 Drain Cleaner is an alkaline-based formula designed for powerful clog removal. It effectively dissolves grease, hair, soap scum, and organic blockages, ensuring a free-flowing drainage system. Its fast-acting formula works on kitchen sinks, bathroom drains, and pipelines, providing deep cleaning and odor control.

Powerful Clog Removal

Pulfresh P19 Drain Cleaner's strong alkaline formula effectively dissolves grease, hair, soap scum, and organic blockages, ensuring smooth and free-flowing drains. Its fast-acting action penetrates deep into clogs, breaking them down quickly without damaging pipes. Ideal for kitchen sinks, bathroom drains, and pipelines, it restores drainage efficiency with ease.

Fast-Acting Formula

Pulfresh P19 works instantly to break down tough clogs, dissolving grease, soap scum, and organic waste within minutes. Its high-strength alkaline composition ensures quick penetration, restoring smooth water flow without prolonged waiting time. Ideal for emergency unclogging in kitchens and bathrooms.

Safe for Most Pipes

Pulfresh P19 is formulated to be effective yet non-corrosive on standard drainage systems. It is safe for PVC, metal, and ceramic pipes, ensuring powerful clog removal without causing damage or erosion. Suitable for regular use to maintain a clear and functional drainage system.

Alkaline-Based Strength

Pulfresh P19's high-alkaline formula effectively dissolves stubborn grease, soap scum, and organic blockages, ensuring a powerful and deep clean. Its strong alkaline action breaks down tough clogs without corroding pipes, making it a reliable solution for maintaining clear and functional drains.
